EDUCATION

Master's in Business Analytics, Seattle University (GPA: 3.75/4, Top 10%)

Sep 2023 - Jun 2026

PROFESSIONAL EXPERIENCE

State Farm Insurance

May 2025 - Aug 2025

Analytics and Insight Reporting Intern

Bloomington, IL

- Built executive BI dashboards by consolidating data from 5+ sources, supporting **100+ stakeholders** with reporting for communication planning and resource allocation decisions, improved **efficiency by saving 60 hours of manual work monthly**.
- Analyzed **15K+ users** in Adobe Analytics to identify audience segments, content performance drivers, and retention trends, contributing to a 20% increase in engagement.
- Profiled, cleansed, and validated workforce data across automated reporting pipelines, developing a prompt library for an internal AI agent that enabled **50+ users** to self-serve insights, reducing manual analysis time by 30%.

Everchem Specialty

Jan 2025 - Mar 2025

Business Intelligence Analyst (Contractor)

Philadelphia, PA

- Led a data migration project from Access to SQL using Python, applying data profiling and cleansing techniques to ensure data quality and accuracy, reducing reporting time from 3 hours to 15 minutes and **saving ~\$3K-\$5K/month**.
- Designed and deployed five automated BI dashboards using SQL and DAX, enabling 50+ users to identify trends in revenue, KPIs, and sales performance in real time, replacing manual Excel workflows.
- Drove end-user adoption across three teams by documenting data governance specifications and co-leading two trainings, reducing reporting turnaround from 5 days to 3 days while maintaining high data reliability standards.

The Hunter Group (AdTech Agency)

Jun 2022 - May 2023

Marketing Analyst

Vietnam

- Analyzed retail market, consumer behavior, and campaign performance data to produce BI reports that informed client strategy, campaign investment, and growth initiatives.
- Used Excel-based KPI tracking and performance analysis to optimize budget allocation for **5 campaigns** and improve operational efficiency by 10%.
- Managed stakeholder relationships across 10+ clients, coordinating with internal teams and external partners to align campaign goals, deliver actionable insights, and support data-driven marketing decisions, contributing to 20% company revenue growth.

LAZADA (E-commerce)

Nov 2021 - May 2022

Commercial Operation Analyst

Vietnam

- Analyzed campaign KPIs and audience engagement data for 20+ sellers during e-commerce campaigns on LazMall, identifying performance trends that contributed to an estimated **\$50K+** increase in promotional sales.
- Produced product performance and customer engagement reports for **5M+ listings** using an internal CRM tool, supporting marketing optimization that improved campaign visibility and customer engagement.

ADDITIONAL EXPERIENCE

Data Analyst | Seattle University | Seattle, WA

Dec 2024 - Jul 2026

- Executed data exploration and automated reporting workflows using Claude AI for data cleaning and preprocessing, building dashboards that tracked engagement outcomes for **5K+ attendees** to inform budget and resource allocation decisions.
- Collaborated with cross-functional teams to design and deploy six Qualtrics surveys, and conducted ad-hoc analyses on graduate outcome data, enabling leadership to track placement trends and guide program improvements and funding decisions.

PROJECTS

Coffee Chain Analysis | SQL, Power BI - built a pipeline with EDA, identifying top SKUs, revenue trends, and peak sales periods.

Chocolate Sales Distribution | Python, Advanced Excel, Tableau - built a sales forecasting model and designed interactive Tableau dashboards for regional performance analysis to identify distribution trends across U.S. sales channels.
